# PRICE LIST FOR Gordinier's 1905 Seed Catalogue

Owing to the fact that we are constantly adding new varieties to our stock, this list does not mention all the varieties we offer for sale. We have a rule never to offer for sale a variety simply because it is new, and we do not catalogue new varieties until we have given them a thorough trial in this section. Many of the new introductions, are, actually, not so good as some of the old established sorts, therefore **we protect you in not offering for sale any variety that has not been tested by reliable gardeners in this section.**
